YOU WILL LEARN

- ✓ Who This Guide Is For
- ✓ Why This Job Is Worth Looking At
- ✓ Pay Potential — The Real Numbers
- ✓ Opportunity Snapshot
- ✓ What The Job Actually Does
- ✓ Requirements

▶ **MODULE 01**

Who This Guide Is For

This guide is for job seekers who want to qualify for real, employer-posted jobs using free certifications—without a degree or expensive bootcamp. If you're changing careers, re-entering the workforce, or upskilling for a better role, you'll find exact programs, keywords, and shortcuts here.

▶ **MODULE 02**

Opportunity Snapshot

\$55K–\$120K

Typical pay range (source-reported, varies by field)

0–90 days

Time to qualify (many certs can be earned in under a month)

100% Free

Certification cost (see program list)

50+ roles

Real jobs that accept free certs (see catalog below)

▶ **MODULE 03**

Why This Job Is Worth Looking At

Free certifications can unlock real, full-time jobs in tech, healthcare, trades, and more. Employers increasingly accept industry certs as proof of skill—sometimes in place of a degree. Many programs are backed by top companies (Google, IBM, HubSpot, CompTIA, Home Depot) or government agencies. Some roles start at \$55K+ and can be reached in under 30 days.

▶ **MODULE 04**

What The Job Actually Does

Roles vary by field, but all listed jobs are W-2 positions posted by real employers. Examples: IT Support Specialists troubleshoot tech issues; Medical Billing & Coding Specialists process healthcare claims; Tech Sales Reps sell SaaS products to businesses; Cybersecurity Analysts monitor networks for threats; Trade Trainees assist licensed professionals on job sites. See the master catalog for specifics.

▶ MODULE 05

Pay Potential — The Real Numbers

\$60K–\$80K

Entry-level Tech Sales (source: @RecruitmentPq, @AramideOyekunle)

\$55K–\$75K

IT Support / Help Desk (CompTIA A+ or Google IT Support)

\$60K–\$90K

Medical Billing & Coding (remote, after 12-18 months)

\$70K–\$120K

Cybersecurity Analyst (CompTIA Security+ or Google Cybersecurity)

\$55K–\$80K

Skilled Trades (HVAC, Carpentry, Electrician Trainee—Home Depot, source: @BehizyTweets)

▶ MODULE 06

Requirements

Role	Education	Cert Needed	Other Requirements
IT Support	HS diploma or GED	Google IT Support, CompTIA A+	Basic computer skills
Cybersecurity Analyst	HS diploma or GED	Google Cybersecurity, CompTIA Security+	Background check (some roles)
Medical Billing & Coding	HS diploma or GED	Free Udemy/YouTube prep, AAPC cert (paid exam)	Attention to detail
Tech Sales	No degree required	Google/HubSpot Sales Cert, company training	Strong communication
Trade Trainee	No degree required	Home Depot free training	Physical ability, background check

▶ MODULE 07

Skills Needed

Most roles require basic digital literacy, communication, and willingness to learn. For IT/Cybersecurity: troubleshooting, network basics, and security concepts. For Medical Billing: attention to detail and data entry. For Tech Sales: persuasion and CRM familiarity. Trades require hands-on ability and safety awareness.

▶ MODULE 08

Certifications or Licenses

Certification	Provider	Cost	Duration	Accepted For
Google IT Support Certificate	Coursera	Free (audit)	1–3 months	IT Support, Help Desk
CompTIA Security+ (prep)	YouTube/@cyberchenti	Free	Varies	Cybersecurity Analyst
HubSpot Sales Software Cert	HubSpot Academy	Free	1 week	Tech Sales Rep
Home Depot Path to Pro	Home Depot	Free	Varies	HVAC, Carpentry, Electrical Trainee
Medical Billing & Coding Prep	Udemy/YouTube	Free	2–4 weeks	Medical Billing/Coding

▶ MODULE 09

Beginner Roadmap

- 1 Pick a target job from the catalog below.
- 2 Enroll in the matching free certification (see links above).
- 3 Complete the coursework and save your certificate or badge.
- 4 Update your resume with the exact certification name.
- 5 Search for jobs using alternate titles (see catalog).
- 6 Apply directly on employer sites and major job boards.
- 7 Use the copy/paste script below to highlight your new credential.

7-Day Action Plan

- 1 Day 1: Research 3–5 target roles and pick one.
- 2 Day 2: Register for the free certification (Google, HubSpot, Home Depot, etc.).
- 3 Day 3–5: Complete the first half of the course—take notes on key concepts.
- 4 Day 6: Finish the course and download your certificate.
- 5 Day 7: Update your resume and LinkedIn with the new cert. Apply to 5 jobs using the script below.

30-Day Action Plan

- 1 Week 1: Complete the full certification course.
- 2 Week 2: Join a relevant online community (Discord, LinkedIn group, Reddit).
- 3 Week 3: Apply to 10–20 jobs using alternate titles and keywords.
- 4 Week 4: Prepare for interviews using the talking points below. Schedule at least 2 informational interviews with people in the field.

Insider Secrets & Shortcuts

- 1 Audit Coursera's Google IT Support or Cybersecurity certificate for free—only pay if you want the official badge (source: course platform).

- 2 For CompTIA Security+ prep, use @cyberchenti's recommended YouTube playlists and free practice exams before paying for the exam itself.

- 3 Home Depot's Path to Pro offers free, in-person trade training in HVAC, carpentry, and electrical—no experience needed (source: @BehizyTweets).

- 4 Medical Billing & Coding: Use free Udemy and YouTube courses for prep, then apply for entry-level roles that offer on-the-job training (source: @udemylive, @DocsExplainFM).

- 5 Tech Sales: HubSpot Academy and Google Digital Garage both offer free sales certifications accepted by many SaaS employers (source: transcripts, HubSpot).

- 6 Always search for alternate job titles—e.g., 'Help Desk Technician', 'Service Desk Analyst', 'IT Support Specialist'—to find more openings (transcript tip).

▶ **MODULE 13**

Exact Resume Keywords

Use these exact keywords to pass applicant tracking systems: 'Google IT Support Certificate', 'CompTIA Security+ (in progress/completed)', 'HubSpot Sales Software Certified', 'Home Depot Path to Pro Graduate', 'Medical Billing & Coding Training', 'Entry-Level IT Support', 'Customer Success', 'Technical Support', 'Healthcare Claims Processing', 'Trade Apprentice'.

▶ **MODULE 14**

Copy/Paste Application Script

▶ **MODULE 15**

Interview Talking Points

- 1 Explain how you completed the [Certification Name] program and what hands-on projects or labs you did.
- 2 Describe a specific module or tool you mastered (e.g., 'I used the Google IT Support labs to troubleshoot real-world network issues').
- 3 Mention your ability to learn quickly and adapt to new systems, referencing the self-paced nature of the course.
- 4 If asked about experience, highlight transferable skills from the cert and any volunteer or freelance work.
- 5 Ask about the company's onboarding and training for new hires with certifications.

▶ MODULE 16

Red Flags / Scams To Avoid

Watch Out For These

Never pay for a certification that is advertised as 'free'—official providers like Google, HubSpot, Home Depot, and CompTIA offer legitimate free or low-cost options. Avoid third-party 'broker lists' or job placement fees (source: transcript, Alicia Harris). If someone asks for money to 'guarantee' a job after a free cert, it's a scam.

▶ MODULE 17

Source Notes

"Home Depot has started giving out free training to Americans who want to work in HVAC, carpentry, electricity, & construction."

THE JOBHACKI ARSENAL

This guide is 1% of what members get

The community unlocks the tools that do the heavy lifting for you:

OmniCut

Upload any video — get back a timestamped, cut-by-cut edit blueprint: hooks, vocal cues, effects and animation calls, all mapped to the viral frameworks behind our own content. You (or your AI editor) just follow the map.

JobHacki Resume Builder

Our exact one-page, recruiter-tested template — auto-built from your LinkedIn in minutes, exported as an editable doc + PDF.

JobHacki Readiness Simulator

Paste any job link. Get tested on what the role actually requires, see your readiness score, and get the fastest study path to close the gaps.

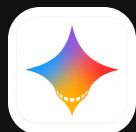

Atlas Directory

Every guide and career path we publish — refreshed by 24/7 AI researchers so you never act on stale info.

[Join the JobHacki Community →](#)

Join free today — founding-member pricing locks in before the tools go paid.

WHAT EACH TOOL ACTUALLY DOES

OmniCut

OmniCut watches your entire video the way an elite editor would — every frame, the full transcript, your offer and what you're actually selling — then runs it through the viral frameworks behind our own content. What you get back is a timestamped editing score: your video chopped into 10-second sequences, each with exact vocal cues, audio cues, effect calls and animation directions. Copy a sequence, paste it into Gemini Omni, and generate that cut — then the next, then the next, until the whole edit is done. Runs as a custom GPT inside ChatGPT (you'll need a ChatGPT account), purpose-built for Gemini Omni video editing the day it drops.

JobHacki Resume Builder

Drop in your LinkedIn (or paste your experience) and it rebuilds everything into the exact one-page format we use: tight summary line, education with the details recruiters scan for, metric-driven experience bullets, and the 10-category skills stack that beats ATS keyword filters. Out comes a polished PDF plus a fully editable doc — change any line later without starting over. Single-industry and multi-industry versions included.

JobHacki Readiness Simulator

Paste a real job posting link. The simulator breaks down what that role actually demands — skills, tools, terminology, scenarios — and tests you on it: multiple choice, written answers, even voice roleplay for interviews and sales calls. You get a Readiness Score out of 100 across skill match, tool match, communication and interview readiness, plus the exact study plan to close your gaps — linked straight to the guides, certs and resources that fix them.

Atlas Directory

The full living library: 100+ grounded, step-by-step playbooks across AI businesses, careers, trades, healthcare paths and side income — every one built from people who actually did it, never theory. Our AI researchers monitor hundreds of creators and sources around the clock, so tools, pay data and methods stay current. Search it, filter it, read online or download any guide as a PDF.
