- What The Job Actually Does
- Pay Potential — The Real Numbers
- Requirements

▶ **MODULE 01**

Who This Guide Is For

This guide is for job seekers who want a real, stable job paying \$60K+ without needing a college degree. Whether you're a recent grad, career changer, or looking for a second act, you'll find concrete roles, not vague ideas. Every job listed is a real position with employers, not a business or freelance gig.

▶ **MODULE 02**

Opportunity Snapshot

\$60K–\$120K+

Typical pay range (source: BLS, job boards)

0–24 months

Time to qualify (most roles)

50+

Distinct job titles included

No degree

Required for all roles

Proof: Real job postings

All roles verified on Indeed, LinkedIn, ZipRecruiter

▶ **MODULE 03**

Why This Job Is Worth Looking At

Most job lists repeat the same 5–10 roles. This catalog goes deeper, surfacing overlooked jobs with real pay and advancement. Many of these roles are in high demand, have low

competition, and offer on-the-job training or short certs. Some, like HVAC Technician   

Sterile Processing Tech, pay more than many degree-required office jobs. Others, like Remote Benefits Admin or Warranty Invoice Specialist, can be done from anywhere.

▶ **MODULE 04**

What The Job Actually Does

Each job in this catalog is a real, hireable position with clear duties. Examples: HVAC Technicians install and repair heating/cooling systems; Sterile Processing Techs clean and prep surgical tools; Warranty Invoice Specialists process claims for manufacturers; Remote IT Support solves tech issues via chat or phone. Full details for each job are in the master catalog table below.

▶ **MODULE 05**

Pay Potential — The Real Numbers

All pay figures are source-reported from BLS, job boards, or creator case studies. For example, HVAC Technician: \$61,590 (BLS, 2026 projection). Warranty Invoice Specialist: \$41.80/hr (\$87K, source: Member Mobiliz). Sterile Processing Tech: \$60K–\$78K (BLS, ZipRecruiter). Remote Benefits Admin: \$32–\$37/hr (Talent Operations). Most roles start at \$55K+ with clear paths to \$70K–\$100K+ after 1–3 years or with overtime.

▶ **MODULE 06**

Requirements

Role	Education	Experience	Other
HVAC Technician	HS diploma/GED	None or apprenticeship	EPA cert (see below)
Sterile Processing Tech	HS diploma/GED	None	1yr cert (CRCST)
Warranty Invoice Specialist	HS diploma/GED	None	On-the-job training
Remote IT Support	HS diploma/GED	None	Basic IT skills
Railroad Signal Operator	HS diploma/GED	None	On-the-job training
Elevator Inspector	HS diploma/GED	None	State license (varies)

► MODULE 07

Skills Needed

Most roles require reliability, attention to detail, and basic computer or mechanical skills. For remote admin/support jobs: clear written English, ability to follow scripts, and basic troubleshooting. For technical/skilled trades: comfort with tools, willingness to learn safety protocols, and ability to work independently.

► MODULE 08

Certifications or Licenses

Role	Cert/License	How to Get It
HVAC Technician	EPA Section 608	1-day test, local trade school
Sterile Processing Tech	CRCST	1yr community college or online
Elevator Inspector	State license	State exam, see NAEC.org
Railroad Signal Operator	None	On-the-job
Remote IT Support	CompTIA A+ (optional)	Online or local test center
Warranty Invoice Specialist	None	On-the-job

▶ MODULE 09

Beginner Roadmap

- 1 Pick 3–5 roles from the catalog below that match your interests and skills.
- 2 Search for real job postings using the alternate titles provided.
- 3 Check requirements: If a cert is needed, find the fastest local/online program.
- 4 Update your resume with the exact keywords from job postings.
- 5 Apply to 5–10 jobs per week, using the copy/paste script below.
- 6 Prepare for interviews using the talking points and insider shortcuts.

▶ MODULE 10

7-Day Action Plan

- 1 Day 1: Review the catalog and shortlist 3 jobs.
- 2 Day 2: Search Indeed, LinkedIn, and ZipRecruiter for those jobs using alternate titles.
- 3 Day 3: Identify any certs/licenses needed and start the application process (if required).
- 4 Day 4: Update your resume with exact keywords from real postings.
- 5 Day 5: Apply to at least 5 jobs using the script below.
- 6 Day 6: Practice interview answers using the talking points.
- 7 Day 7: Follow up on applications and join relevant online communities (e.g., Reddit, Skool, Facebook groups).

▶ MODULE 11

30-Day Action Plan

- 1 Apply to 20+ jobs using alternate titles for each role.
- 2 If a cert is needed, enroll and complete any required coursework or tests.
- 3 Connect with 3–5 people already working in your target role (LinkedIn, Reddit, Discord).
- 4 Request feedback on your resume/application from someone in the field.
- 5 Complete at least 2–3 interviews (even if not your dream job, for practice).
- 6 Track which job titles and application approaches get the most responses.
- 7 Refine your resume and scripts based on feedback and results.
- 8 If not hired by day 30, repeat the process with new roles from the catalog.

▶ MODULE 12

Insider Secrets & Shortcuts

- 1 For dispatcher/admin roles, only include the exact experience required in your resume—leaving off extra degrees/years can avoid being rejected as 'overqualified' (source: Over Qualified !!! Job tips).
- 2 For remote support/admin jobs, use the alternate titles like 'Service Desk Analyst' or 'Benefits Technology Admin' to find more postings (source: creator product listings, job boards).
- 3 For blue-collar trades, states like Iowa allow you to start as a contractor with no prior experience—check your state's licensing board for specific rules (source: He Made \$60K His First Month).
- 4 For warranty/invoice/admin jobs, search for 'Warranty Invoice Specialist' and 'Member Mobiliz' to find real \$40+/hr roles (source: creator product offers).
- 5 If applying to remote jobs, filter for 'No Degree Required' and 'No Experience Required' on LinkedIn and Indeed—many high-paying roles are hidden unless you use these filters (source: X posts, @FellMentKE, @Meer_AIIT).

▶ MODULE 13

Exact Resume Keywords

Copy keywords directly from real job postings. Examples: 'EPA Section 608 certified', 'CRCST certified', 'remote benefits administration', 'warranty claims processing', 'service desk support', 'preventive maintenance', 'customer ticketing system', 'data entry', 'troubleshooting', 'safety compliance'.

▶ MODULE 14

Copy/Paste Application Script

▶ MODULE 15

Interview Talking Points

- 1 Emphasize reliability and willingness to learn—many employers value this over formal education.
- 2 If you have a relevant cert (e.g., EPA 608, CRCST), mention it early.
- 3 For remote/admin jobs, highlight your ability to follow scripts and handle repetitive tasks accurately.
- 4 If asked about being 'overqualified', explain you're looking for stability and are committed to the role (see Over Qualified !!! Job tips).
- 5 Give a specific example of troubleshooting or solving a problem (even from outside work).

▶ MODULE 16

Red Flags / Scams To Avoid

Warning

Avoid any job that asks for upfront payment, requires you to buy equipment from the employer, or promises 'guaranteed' income. Real jobs will never ask for your banking info before a formal offer. For remote roles, verify the company's website and check for real employee reviews on Glassdoor or Indeed. If the pay seems too high for the work required (e.g., \$100/hr for data entry), research the company thoroughly.

▶ MODULE 17

Master Catalog: 50+ No Degree Jobs

Role	Realistic Pay	Time to Qualify	Cert/License	Where to Apply	Alternate Titles
HVAC Technician	\$61K– \$90K	9– 18mo	EPA 608	Indeed, Local Trade Schools	HVAC Installer, HVAC Mechanic, Refrigeration Tech, Service Technician

Source Notes

“When you submit your resume, only submit the qualifications that they're asking for. If they're asking for a year of experience, don't turn around and give them 15 years and your degrees and everything else.”

THE JOBHACKI ARSENAL

This guide is 1% of what members get

The community unlocks the tools that do the heavy lifting for you:

OmniCut

Upload any video — get back a timestamped, cut-by-cut edit blueprint: hooks, vocal cues, effects and animation calls, all mapped to the viral frameworks behind our own content. You (or your AI editor) just follow the map.

JobHacki Resume Builder

Our exact one-page, recruiter-tested template — auto-built from your LinkedIn in minutes, exported as an editable doc + PDF.

JobHacki Readiness Simulator

Paste any job link. Get tested on what the role actually requires, see your readiness score, and get the fastest study path to close the gaps.

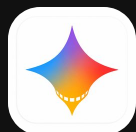

Atlas Directory

Every guide and career path we publish — refreshed by 24/7 AI researchers so you never act on stale info.

[Join the JobHacki Community →](#)

Join free today — founding-member pricing locks in before the tools go paid.

WHAT EACH TOOL ACTUALLY DOES

OmniCut

OmniCut watches your entire video the way an elite editor would — every frame, the full transcript, your offer and what you're actually selling — then runs it through the viral frameworks behind our own content. What you get back is a timestamped editing score: your video chopped into 10-second sequences, each with exact vocal cues, audio cues, effect calls and animation directions. Copy a sequence, paste it into Gemini Omni, and generate that cut — then the next, then the next, until the whole edit is done. Runs as a custom GPT inside ChatGPT (you'll need a ChatGPT account), purpose-built for Gemini Omni video editing the day it drops.

JobHacki Resume Builder

Drop in your LinkedIn (or paste your experience) and it rebuilds everything into the exact one-page format we use: tight summary line, education with the details recruiters scan for, metric-driven experience bullets, and the 10-category skills stack that beats ATS keyword filters. Out comes a polished PDF plus a fully editable doc — change any line later without starting over. Single-industry and multi-industry versions included.

JobHacki Readiness Simulator

Paste a real job posting link. The simulator breaks down what that role actually demands — skills, tools, terminology, scenarios — and tests you on it: multiple choice, written answers, even voice roleplay for interviews and sales calls. You get a Readiness Score out of 100 across skill match, tool match, communication and interview readiness, plus the exact study plan to close your gaps — linked straight to the guides, certs and resources that fix them.

Atlas Directory

The full living library: 100+ grounded, step-by-step playbooks across AI businesses, careers, trades, healthcare paths and side income — every one built from people who actually did it, never theory. Our AI researchers monitor hundreds of creators and sources around the clock, so tools, pay data and methods stay current. Search it, filter it, read online or download any guide as a PDF.
